PWS pure water supply system				
	PWS I -T100R-P12-3G	Pure water supply system	100L tank(R-shape) + 12L/min flow rate (The rated stop pressure: 0.45Mpa±0.04Mpa) + 12L buffer tank etc.	1,773.00 €
	PWS II-T200S-4008	Pure water supply system	200L tank(S-shape) + 70L/min flow rate (The rated stop pressure: 0.3Mpa±0.04Mpa) etc.	1,931.00 €
Extention parts of water purification system				
	HT-EP	Main body: Extension part	-	791.00 €
	PF-10T-PRK	Optional: 10" triple filter (with PP+DI+KDF)	10" spun fiber PP filter, 10" DI water softener filter, 10" KDF filter	276.00 €
	PTC-MBR-12L	Optional: 12 liters mixed bed resin cartridge	Lifetime: about 20000 liters pure water	768.00 €
	TANK-P-15L	Optional: 15L plastic pressure tank	To store RO water, capacity: 15 liters	108.00 €
	DG-PTFE	Optional: PTFE water dispenser	Material of dispenser: PTFE, including PFA extension tube (1/4"3M)	863.00 €
	DG-PP	Optional: PP dispenser	Material of dispenser: PP, including PP extension tube (1/4"3M)	370.00 €
	ORM-P	Optional: Portable on-line resistivity meter	Dry cell design or external power supply, to measure on-line resistivity	412.00 €
R DIS pure water remote dispenser				
	R-DIS	Pure water remote dispenser (Independent monitoring)	With independent flow, resistivity sensor etc. monitoring function	2,426.00 €
	R-DIS- I	Pure water remote dispenser (Type I)	Only match our Touch series, including base, bracket and dispense arm	2,053.00 €
	R-DIS-II	Pure water remote dispenser (Type II)	Only match our Touch series, including dispense arm, but no base and bracket	1,680.00 €

Accessories				
Additional source water pretreatment filter module				
	PF-10S	10" single-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge	40.80 €
	PF-10D	10" double-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge	80.40 €
	PF-10T	10" triple-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge	121.20 €
	PF-20S	20" single-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge	67.20 €
	PF-20D	20" double-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge	121.20 €
	PF-20T	20" triple-stage filter (without cartridge)	Optioal PP, RS, AC or KDF cartridge	162.00 €
	PC-10PP	10" PP cartridge	Eliminate the rust, sediment, colloid, suspended solids	7.20 €
	PC-10AC-G	10" AC cartridge	Eliminate soluble organic matter, residual chlorine	15.60 €
	PC-10RS	10" soft water cartridge	Eliminate Ca+, Mg+ ion, reduce the index of water hardness	13.20 €
	PC-10KDF	10" Kinetic degradation fluxion cartridge	Eliminate soluble organic matter, residual chlorine, heavy metals, and prevent water scaling, inhibit microorganism growth, soften hard water	103.20 €
	PC-20PP	20" PP cartridge	Eliminate the rust, sediment, colloid, suspended solids	12.00 €
	PC-20AC-G	20" AC cartridge	Eliminate soluble organic matter, residual chlorine	22.80 €
	PC-20RS	20" soft water cartridge	Eliminate Ca+, Mg+ ion, reduce the index of water hardness	26.40 €
	PC-20KDF	20" Kinetic degradation fluxion cartridge	Eliminate soluble organic matter, residual chlorine, heavy metals, and prevent water scaling, inhibit microorganism growth, soften hard water	170.40 €
	HT-QZ-FF06E	Stainless steel flush filter	Eliminate the particles, sediment, colloid, suspended solids and can be used for the pretreatment of the groundwater, water of well and rivers	201.60 €
Large capacity resin cartridge				
	PTC-MBR-10S	10" mixed bed resin cartridge	Including: 10" filter+10" mixed bed resin cartridge(0.55L resin	118.80 €
	PTC-MBR-7.7L	7.7L mixed bed resin cartridge	Including: 7.7L precise resin, lifetime: about 16000 liters pure water	534.00 €
	PTC-MBR-12L	12L mixed bed resin cartridge	Including: 12L precise resin, lifetime: about 20000 liters pure water	768.00 €
	PTC-UPPR-12L	12L ultrapure polishing resin cartridge	Including: 12L polishing resin, lifetime: about 20000 liters pure water	1,476.00 €
	PTC-MBR-25L	25L mixed bed resin cartridge	Including: 25L precise resin, lifetime: about 40000 liters pure water	1,537.20 €
	PTC-UPPR-25L	25L ultrapure polishing resin cartridge	Including: 25L polishing resin, lifetime: about 40000 liters pure water	2,948.40 €

Terminal filter				
	TF-0.2µm-B	0.2µm terminal filter	PES membrane, pore size: 0.2µm	184.80 €
	TF-(0.45+0.1)µm-S	(0.45+0.1)µm terminal filter	PES membrane, pore size: (0.45+0.1)µm	184.80 €
	TF-0.2µm-LB	0.2µm terminal filter	Large flux, 50Kpa differential pressure, flow rate up to 250L/min, PES membrane, pore size: 0.2µm	282.00 €
Sanitizing tablets				
	Sanitizing tablets	Sanitizing tablets	20 efferverscent tablets each bottle	63.60 €
Pure water tank				
	TANK-P-10L	10L plastic pressure tank	Capacity: 10 liters	62.40 €
	TANK-P-15L	15L plastic pressure tank	Capacity: 15 liters	108.00 €
	TANK-P-40L	40L steel pressure tank	Capacity: 40 liters	241.20 €
	TANK-P-75L	75L steel pressure tank	Capacity: 75 liters	332.40 €
	TANK-P-100L	100L steel pressure tank	Capacity: 100 liters	422.40 €
	TANK-LLS-50L	50L PE tank with liquid level control	Material: PE, capacity: 50L, 2 point liquid level control, bottom water faucet	340.80 €
	TANK-LLS-100L	100L PE tank with liquid level control	Material: PE, capacity: 100L, 2 point liquid level control	379.20 €
	TANK-LLS-200L	200L PE tank with liquid level control	Material: PE, capacity: 200L, 2 point liquid level control	492.00 €
Ultrapure water tank				
	TANK-UPW-50L	Ultrapure water tank	Capacity:50L (Including: Air filter)	1,554.00 €
	AIR FILTER-B2008	Air filter	Absorb CO2 and organics, and eliminate bacteria and particles	164.40 €
	UV-254-10W-Immerse	Immersing UV lamp(254nm)	Restrain bacteria's increase and reduce TOC	345.60 €

Series	Item No.	Description	Service Life / Function	MSRP Net (EUR)
Automatic reborn water softener				
	HT-Autosoftener-817	Automatic reborn water softener	Suit for bench top/ table type	1,162.70 €
	HT-Autosoftener-835	Automatic reborn water softener	Suit for floor-stand type	1,360.70 €
Long-distance water dispenser				
	DG-PTFE	PTFE water dispenser	Including: PFA extension tube, diameter: 1/4", length: 3M	862.40 €
	DG-PP	PP water dispenser	Including: PP extension tube, diameter: 1/4", length: 3M	369.60 €
Portable on-line resistivity monitor; TDS conductivity test pen				
	ORM-P	Portable on-line resistivity monitor	Dry cell & AC100-240V design	411.40 €
	TDS pen-1	TDS/ conductivity test pen	Dry cell design, built-in 2pcs of butoon cell, range: 0-1999ppm	71.50 €
Inlet / outlet pressure valve				
	PA-IN	Inlet pressure valve	Including: pressure regulator, connector and tube	40.70 €
	PA-OUT	Outlet pressure valve	Including: pressure regulator, connector and tube	40.70 €
Leakage protection system				
	LKA-FLQF-220V	Leakage protection system	Including: main valve body, transformer and leakage sensor	130.90 €
